Model Regression Results

Model	Dependent Variable	Independent Variables	Adjusted R-Square	F-Statistic	p-Value
Model A	Points Scored	Log Distance	0.151	10.403	0.002
Model B	Points Scored	Log Distance, Log Points Scored	0.151	10.403	0.002
Model C	Points Scored	Log Distance, Log Points Scored, Log Points Allowed	0.151	10.403	0.002
Model D	Points Scored	Log Distance, Log Points Scored, Log Points Allowed, Log Points Per Game	0.151	10.403	0.002
Model E	Points Scored	Log Distance, Log Points Scored, Log Points Allowed, Log Points Per Game, Log Points Per Game Squared	0.151	10.403	0.002

2022 Harlon Hill Finalists EPA Per Play

 Ryan Roberts, QB Southeastern University EPA Per Play: 0.17 Yards Per Play: 6.46	 Jordan Roberts, QB Central Connecticut State EPA Per Play: 0.17 Yards Per Play: 7.00	 Newberry, QB Newberry College EPA Per Play: 0.20 Yards Per Play: 7.00	 Virginia, QB Virginia Union EPA Per Play: 0.20 Yards Per Play: 7.00
 Edwards, QB Wake Forest University EPA Per Play: 0.22 Yards Per Play: 7.00	 Edwards, QB Wake Forest University EPA Per Play: 0.22 Yards Per Play: 7.00	 Edwards, QB Wake Forest University EPA Per Play: 0.22 Yards Per Play: 7.00	 Edwards, QB Wake Forest University EPA Per Play: 0.22 Yards Per Play: 7.00

17

Conclusions, Application, Future Work

- Improved Data Set
- New Models
- Different Metrics (Win Prob, DVOA, etc)
- Division III

18
